

TL15 and TL30 MONEY SAFES

BURGLAR PROTECTION

Insurance Ratings.

The Underwriters Laboratories label qualifies these Chubb safes for the following insurance ratings:

TL-15

Mercantile Safe and Broadform "ER" rating and Bank rating "BR". In Canada — Class 2.

TL-30

Mercantile Safe and Broadform "F" rating and Bank rating "G". In Canada — Class 3.

UL Approved Combination Lock.

The Underwriters approved combination lock is the key-changing type allowing speed and simplicity in setting new numbers. The lock includes a relocking device and "spy proof" type dial. If required, a key locking dial is available. An extra combination lock can also be provided, size of safe permitting.

Features:

- UL tested and listed.
- large capacity, easy access interiors.
- wide range of sizes.
- selection of interior locker/shelving combinations.
- color options.
- UL approved as suitable for use as receiving chest for night depository.

in a convenient, easy access, rectangular door design.

Maximum Efficiency.

The large rectangular door opening means efficient, easy access for cash register trays, bagged or rolled coins and other valuables. Store them on open shelves or in optional locked compartments, which can provide individual storage responsibility for separate funds.

Metal-clad Concrete.

Where the extra protection of added weight is required, the safe can be encased in steel-clad concrete. This concrete casing is also an effective way to achieve the 750 lb. Underwriters Laboratories minimum weight requirement for smaller sizes.

Interior Options.

Interior options include shelves and a variety of lockers and drawers. Special interiors can be designed to meet individual needs.

Finishes.

Chubb TL safes come in standard twocolor combinations. TL-15 units have light grey doors and interiors with dark grey bodies. TL-30 safes have white door/blue body colors. Other colors are available on request at no extra charge.

Optional Sizes and Bases.

Chubb TL money safes are available in a comprehensive range of sizes. However, these safes can be supplied in

dimensions to suit your specific requirements. Suitably constructed steel bases are available. A base will raise the safe to a more convenient height.
