

HERRING-HALL-MARVIN® 1 HOUR CLASS 150 COMPUTER SAFE

FOR PROTECTION AGAINST FIRE SMOKE HEAT WATER MAGNETS

Thanks to the computer, records formerly kept on paper in a number of different locations can now be reduced to tape and concentrated in a single area. While this produces many benefits, it also adds a serious hazard. A fire in this area . . . where records are concentrated . . . could be disastrous.

The Computer Safe is designed to prevent loss from such disasters by protecting vital computer media against fire, heat, smoke, water, humidity . . . and magnets as powerful as 2000 Gauss.

If computer media are vital to your business, give them the protection they deserve, with a Herring-Hall-Marvin Computer Safe.

SPECIFICATIONS DIMENSIONS

MODEL	OUTSIDE DIMENSIONS			INSIDE DIMENSIONS			WEIGHT EMPTY
	HIGH	WIDE*	DEEP**	HIGH	WIDE	DEEP	
150-1C	50 $\frac{1}{8}$	43 $\frac{7}{8}$	31 $\frac{3}{4}$	39	32	16 $\frac{5}{8}$	1950
150-2C	73 $\frac{7}{8}$	43 $\frac{7}{8}$	31 $\frac{3}{4}$	62 $\frac{3}{4}$	32	16 $\frac{5}{8}$	2625

*Add $\frac{3}{4}$ " to width for each hinge.
