

Mosler

An American-Standard Company
Hamilton, Ohio 45012

Combination Unit CU 3016E

The Space Saver

A money safe and a records locker; both with built-in Mosler quality security features; both in the same floor space normally occupied by a money safe alone.

Designed to meet the requirements of supermarkets, drug stores, and dairy stores, these units, each consisting of a burglary-resistive money safe and a records locker, are adaptable to practically any type of business application.

The money safe is located at the bottom of the unit. Equipped with the Mosler Counterspy combination lock and the Underwriters' Laboratories listed relocking device, the money safe offers ideal burglary protection for cash.

The money safe qualifies for the Mercantile Safe Burglary low class "E" insurance rate, less 10% discount for the approved relocking device. It also meets the "E" rate classification for Money and Securities Broad Form.
